

a rate reduced from a rate regulated by the Surface Transportation Board.

(2) For Government rate tenders submitted for the movement of household goods, “a rate reduced from the applicable commercial rate” is a rate reduced from a rate contained in a published tariff subject to regulation by the Surface Transportation Board.

(3) For Government rate tenders submitted for movement by or with a water carrier in noncontiguous domestic trade, “a rate reduced from the applicable commercial rate” is a rate reduced from a rate contained in a published tariff required to be filed with the Surface Transportation Board.

47.104-1 Government rate tender procedures.

(a) 49 U.S.C. 10721 and 13712 rates are published in Government rate tenders and apply to shipments moving for the account of the Government on—

(1) Commercial bills of lading endorsed to show that total transportation charges are assignable to, and will be reimbursed by, the Government (see the clause at 52.247-1, Commercial Bill of Lading Notations); and

(2) Government bills of lading.

(b) Agencies may negotiate with carriers for additional or revised 49 U.S.C. 10721 and 13712 rates in appropriate situations. Only personnel authorized in agency procedures may carry out these negotiations. The following are examples of situations in which negotiations for additional or revised 49 U.S.C. 10721 and 13712 rates may be appropriate:

(1) Volume movements are expected.

(2) Shipments will be made on a recurring basis between designated places, and substantial savings in transportation costs appear possible even though a volume movement is not involved.

(3) Transit arrangements are feasible and advantageous to the Government.

47.104-2 Fixed-price contracts.

(a) *F.o.b. destination.* 49 U.S.C. 10721 and 13712 rates do not apply to shipments under fixed-price f.o.b. destination contracts (delivered price).

(b) *F.o.b. origin.* If it is advantageous to the Government, the contracting officer may occasionally require the contractor to prepay the freight charges to a specific destination. In such cases, the contractor shall use a commercial bill of lading and be reimbursed for the direct and actual transportation cost as a separate item in the invoice. The clause at 52.247-1, Commercial Bill of Lading Notations, will ensure that the Government in this type of arrangement obtains the benefit of 49 U.S.C. 10721 and 13712 rates.

47.104-3 Cost-reimbursement contracts.

(a) 49 U.S.C. 10721 and 13712 rates may be applied to shipments other than those made by the Government if the total benefit accrues to the Government, *i.e.*, the Government shall pay the charges or directly and completely reimburse the party that initially bears the freight charges. Therefore, 49 U.S.C. 10721 and 13712 rates may be used for shipments moving on commercial bills of lading in cost reimbursement contracts under which the transportation costs are direct and allowable costs under the cost principles of Part 31.

(b) 49 U.S.C. 10721 and 13712 rates may be applied to the movement of household goods and personal effects of contractor employees who are relocated for the convenience and at the direction of the Government and whose total transportation costs are reimbursed by the Government.

(c) The clause at 52.247-1, Commercial Bill of Lading Notations, will ensure that the Government receives the benefit of lower 49 U.S.C. 10721 and 13712 rates in cost-reimbursement contracts as described in paragraphs (a) and (b) of this section.

(d) Contracting officers shall—

(1) Include in contracts a statement requiring the contractor to use carriers that offer acceptable service at reduced rates if available; and

(2) Ensure that contractors receive the name and location of the transportation officer designated to furnish support and guidance when using Government rate tenders.

(e) The transportation office shall—
